

Meera Krishnan

meera.krishnan@email.com | +91 5544332211 | Coimbatore, India

OBJECTIVE

AI Research Engineer with expertise in Deep Learning, NLP, Machine Learning, and Python. Published researcher with hands-on experience building RAG systems and transformer models.

SKILLS

- Programming: Python, SQL, R
 - AI/ML: Deep Learning, NLP, Machine Learning, TensorFlow, RAG Systems
 - Data: Pandas, NumPy, Data Visualization, Data Cleaning
 - Tools: Git, GitHub, Jupyter Notebook, Docker
 - Cloud: AWS
-

EXPERIENCE

AI Research Engineer — Research Lab IIT (2023 - Present)

- Developed RAG-based document question answering systems using Python
 - Built transformer-based NLP models for text summarization
 - Used Deep Learning frameworks for computer vision research
 - Managed all code using Git and GitHub
-

EDUCATION

M.Tech - Computer Science (AI) — IIT Coimbatore (2023)

CGPA: 9.5/10
